ABOUT US

ATC is one of Western Australia's largest not-for-profit Group Training Organisations. We have over 30 years' experience and employ approximately 350 apprentices and trainees. We employ apprentices and trainees and then "host" them out with industry partners so the apprentices and trainees can get their relevant industry experience. Our objective is to ensure all apprentices and trainees graduate with real skills and real jobs. TC is active in just about every industry throughout the South West Region, the Peel Region and the Perth Metropolitan Region of Western Australia.

ATC Employment Solutions is ATC's broader service offering as a labour hire and recruitment company. ATC Employment Solutions provides a comprehensive support service for existing and future clients who currently employ apprentices and may need to engage staff on a short term arrangement to address peaks in workload. On a broader scale we can also offer business and industry short or longer term arrangements that eliminate the "hassle" of paperwork and all other obligations that come with employing staff directly.

SCHOOL CAREER EXPOS

ATC is very happy to attend School Career Expos.

Recently ATC attended a number of Career Expos at schools within the Perth and Peel region to provide advice to students and parents on apprenticeships and traineeships, careers and career pathways and how students can give themselves the best opportunity to obtain employment.
